<https://linkedin.com/in/vvarshaparmar>

Computer Science graduate with hands-on experience building full-stack web applications through internships and academic projects. Proficient in React, Node.js, and Python-based backends (FastAPI, Django), with a demonstrated ability to debug and improve front-end reliability in live production codebases. Collaborated with cross-functional teams on projects including an Inventory Management System and a Cyber Cafe Management System. Adapts efficiently to new tools and codebases, supported by a consistent, top-of-class academic record. Continuing to build expertise in full-stack JavaScript and Python frameworks with the goal of delivering immediate value to a development team.

Work Experience

Intern

UptoSkills | Remote

Mar 2026 - Jun 2026

- Enhanced Skillova by developing button functionality and interactive UI elements, improving reliability and user experience for 180 users.
- Developed 2 product card components leveraging HTML, CSS, JavaScript, React, and Node.js, contributing to enhanced user experience and streamlined interface.
- Debugged and refined existing features, resolving recurring UI bugs and improving platform consistency, resulting in 12% reduction in reported interface issues.
- Collaborated with the development team on front-end fixes and feature enhancements, decreasing reported issue turnaround time by 45%.

Intern

Apponix Technologies

Jan 2026 - Feb 2026

- Built product card UI components using HTML, CSS, and JavaScript.
- Developed front-end features using React and Node.js, delivering multiple user-facing components.
- Translated 2 design layouts into responsive, functional components, ensuring a consistent user experience across devices.

Education

Basaveshwar Science College

Bachelor of Computer Applications | Bagalkot, India

- Maintained a CGPA above 9 throughout the program; ranked top of the class.
- Delivered seminars on Data Structures, Design and Analysis of Algorithms, Digital Marketing, and Cybersecurity to over 210 participants, resulting in improved understanding and engagement in these topics.
- Actively participated in group discussions during coursework and college activities, facilitating collaborative project outcomes that improved efficiency by 80%.

Skills

Hard Skills

HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, FastAPI, MongoDB, Git & GitHub, Vercel, Render, Django

Soft Skills

Motivated, Comfortable working in an agile environment

Languages

- English | Professional | Bilingual / Proficient (C2)
- Hindi | Professional | Bilingual / Proficient (C2)

Projects

Learning Management System (LMS) — Python, FastAPI, MongoDB

- Built a full-stack LMS platform using FastAPI for the backend and MongoDB for data storage.
- Designed and implemented RESTful APIs for core features such as user management and course content.
- Handled both back-end logic and database structure for the platform.
- Frontend: brainrot-academy-theta.vercel.app | Backend: brainrot-academy.onrender.com
